Bee School

Become a Beekeeper
and Learn the
Fascinating Art of
Keeping Bees

Become a Beekeeper!

Once a year we offer Bee School, a series of classes in beekeeping that are taught by beekeepers. In six classes you will learn the fascinating life cycle of the honey bee, the equipment and tools you will use, how to assemble and set-up a hive, how to take care of your bees, and products from the hive, giving you the foundation of knowledge you will need to successfully keep honey bees.
